Top 3 Legal

In June 2020 Chambers and Partners acquired Top 3 Legal, an emerging online platform that assists businesses in managing their relationships with external lawyers and law firms. Top 3 Legal assists in-house legal departments to access live information from their colleagues and peers from other organisations to help them identify the external counsel that is right for a particular project. In addition, Top 3 Legal enables in-house legal teams to use a simple and collaborative interface called a Team Sheet to manage their private network of external lawyers and law firms. A recent enhancement to the business has also been the creation of a GC Hub which is a network of GCs, that connect via the T3L platform to share lawyer recommendations.
